## NO NIGHT SESSIONS.

Republican Senators Won't Stay at the Capitol

To Vote After the Working Day is Done.

QUORUM IS BROKEN

By This Action on the Part of Republicans.

WASHINGTON, June 7 .- Before entering upon the discussion of the tariff yesterday the senate passed seven bills, one of them being a house bill and the others senate bills. Mr. Blackburn reported favorably a resolution from the committee on rules for the appointment of a special committee of five senators on the existing public distress, to whom should be referred the petitions of Morrison L. Swift and others bearing upon this subject. It adopted without division. When the senate resumed consideration of the tariff bill, Mr. Jones asked leave to withdraw the compromise amendment of the tobacco schedule. which made the rate on leaf, wrapper and unstemmed \$1.50 and \$2.25 respectively, and restore the house amendment, in which the rates are \$1 and \$1.25 respectively.

The move was a surprise to senators on both sides, as by agreement the compromise paragraph was adopted pro forma, with the understanding that the subject should be considered

The other Jones amendments to the tobacco schedule were adopted. They fixed the rates on filler tobacco, unstemmed, at 35 cents per pound; stemmed at 50 cents per pound; tobacco, manufactured or unmanufactured, not specially provided for, 40 cents per pound; snuff, 50 cents per pound; eigars, eigarettes and cheroots, \$4 per pound and 25 per cent ad valorem; paper cigars, or cigarettes, to be subject to the rates imposed on

cigars.

The next schedule was agricultural products and provisions. All live animals not specially provided for were made dutiable by the bill at 20 per cent. Mr. Hale of Maine proposed to restore the McKinley rates horses and mules, \$30 per head; cattle, \$10 per head; hogs, \$1.50; sheep, \$1.50;

other animals, 20 per cent ad valorem. Mr. Peffer proposed an amendment to exempt from the operation of the duty, ponies, chiefly imported from

Mr. Dolph then proceeded to deliver the last installment of his prepared speech, began some two months ago. Mr. Peffer withdrew his amendment, and the vote was then taken on Mr. Hale's amendment to restore the McKinley duty of \$30 per head on horses and mules. It was defeated by a strict party vote, 23 to 30, Mr. Peffer

not care to do so last night. This aroused Mr. Harris, who declared with visible impatience that senators hould suffer some personal incovenience in order to make some progress with this bill. Already sixty-four days had been spent in debate upon it, and only forty-three pages had been disposed of. Mr. Aldrich said unless the senate consented to adjourn by 7 o'clock he would insist upon a motion to go into executive

"I will submit to nothing," said Mr. Harris, with great emphasis, "under "Then I move to go into executive session," said Mr. Aldrich.

The motion was not debatable and the roll was called. The Republicans, save Messrs. Pettigrew, Teller, Dubols and Washburn, refrained from voting, and the Democrats were unable to muster a quorum, the vote resulting 4 to 36. A call of the senate followed, and showed the presence of forty-five senators, one more than a quorum, and the vote again recurred on Mr. Aldrich's motion. Again the quorum disappeared, and thereupon Mr. Harris, with good grace, yielded to the inevitable, and at 7 o'clock the senate adjourned.

THE GOVERNMENT ACTS.

Claim for \$15,000,000 Entered Against

the Stanford Estate. SAN FRANCISCO, June 7 .- The claim for \$15,000,000 filed against the Stanford estate by Attorney General Olney as a preliminary step to force the gov-ernment's claim against the original holders of the Central Pacific grant, has caused the greatest excitement. The government's claim was presented May 26, and an attempt was made to keep the proceeding secret that the financial operations of the estate need

not be embarrassed. Mrs. Stanford says the government's claim will be resisted to the fullest extent of her ability. She regards the proceedings in the nature of a test case and was not surprised at the filing of the claim.

### AT M'KEESPORT.

Strikers Still in Possession of the National Tube Works.

McKeesport, Pa., June 7. - This city has been virtually in the hands of a mob since Tuesday, and only the failure of deputies to come here, as has been expected, prevented a repetition of the Homestead conflict of 1892. The mob is defiant and has committed many acts of lawlessness, and it is believed that only a strong

body of troops will restore order.

About 11 o'clock yesterday some one came among the strikers congregated about the works and announced voting in favor, and Messrs. Allen and that some tube works strikers were Mr. Peffer had stated that he desired to address the senate, but did not care to do so last night. This tipple of John Davitt was wrecked in a few minutes. From there the crowd made a break for a new tipple being erected by John McIntyre about a mile above. A halt was made for some little time until the mob could be gathered and then the McIntyre tipple shared the same fate as the Davitt. These slack piles had not been made use of for years until now. The city was half deserted yesterday

afternoon by the departure of a mob of 2,000 strikers to Camden, three miles south of here. Their mission was said to be the destruction of coal tipples, to enlist the striking miners in their cause.

Captain McIntyre narrowly escaped lynching at the hands of the mob hich destroyed the Portvue tipple He tried to check the progress of the mob at the point of a revolver, but the mob made a rush for him and would have lynched him if it had not een for some friends who rescued

The strikers have three cannon, two of which were used by the Homestead strikers two years ago and the other from Duquesne, planted in a com-manding position on the river bank about 200 yards apart and manned by eight men each. It is definitely known that at least one gun is heavily loaded with railroad iron.

The tipples destroyed at Portvue were valued at \$8,000.

ROSEBERY'E LADAS VICTOR The British Premier Wins the Great Derby Very Easily.

LONDON June 7. - Premier Rosebery's bay colt Ladas at Epsom yesterday won the derby in a canter, and thus, according to the story to which world wide credence has been given, the destiny which Lord Rosebery mapped out for himself when at college has been fulfilled, he having married the richest girl in England, Miss Hannah De Rothschild, having been prime minister of England and having won the derby.

TROUBLE AT ROUND POND.

Frack of the Rock Island Yorn Up and the Company Is Appealing for Help. GUTHRIE, O. T., June 6. - A telegram arrived at the governor's office last night from the officials of the Rock Island railway, appealing for help to protect their property and the lives of their employes at Round Pond, in the Cherokee strip, where a mob has placed obstructions upon and torn up the track because the company would not stop trains there. The people are desperate and threaten to hang any employes who attempt to relay the

Lieutenant Many Found Guilty.

Sr. Paul, Minn., June 7 .- The verdict in the Lieutenant Maney case was learned positively by the Dispatch to-day. He was cleared on the first specification, but found guilty of the charge of conduct unbecoming an offices, sentenced to suspension for one year, with forfeiture of half pay. A recom-mendation to executive elemency accompanied the sentence.

Deadly Engagement at That Point With Strikers.

The Sheriff and His Posse Had to Retreat.

TWO MINERS KILLED

After Which the Sheriff is Driven Away. PEKIN, Ill., June 7 .- There was a bloody battle at Little coal mine, five

miles down the Illinois river from Pekin, yesterday. Word was received at Pekin yesterday morning that 500 miners from the west of the river were about to attack the mine. Sheriff Frederick swore in a posse and set out for the scene. The

strikers met at Bentonville and crossed the Illinois river on ferries. There were about 400 men and some women. The sheriff and his posse remonstrated with the mob in vain. The leader of the strikers, with a revolver in each hand, cried out: "Follow me," and the crowd cheered on the miners. The two Littles and their sons and a colored man retreated to the lower

shaft and opened fire on the attacking party, some of whom were seen to fall. The fire was returned, and hundreds of shots were fired into and about the lower shaft. The Littles hoisted a white flag but the firing did not cease. The shaft was set on fire. It was feared the powder house would be fired and the crowds re-treated. The air shaft was kept closed.

The killed: Jack Jackson, colored, a miner at Little's: Ed Bloom, one of the strikers.

Wounded: Ed Porter and Peter Little, the former shot in the breast, probably fatally, the latter in the

Haif a dozen others were slightly hurt. There are a number of miners in the shaft, who, it is feared, are suffocated. The sheriff and posse have returned from the scene, unable to cope with the mob. Pekin is wild with excitement.

THERE WILL BE NO WAR.

Cripple Creek Strikers Will Lay Down Their Arms to the Militia.

CRIPPLE CREEK, Col., June 7 .- There will be no battle between the fortified union miners on Bull Hill and the army of deputy sheriffs who are now encamped on Beaver creek, less than five miles from Bull Hill, unless a treacherous move is made by one side

or the other.

Mayor Lindsay and President Parker, of the First National bank, called up Sheriff Bowers by telephone and begged him to stop the deputies until the troops could reach the camp. Sheriff Bowers agreed to this, and there is every reason to think there will be no further hostilities. Alexthe arrival of the state troops. deputies will follow the troops to the miners' camp and serve warrants, which they are said to hold for 200

M'KINLEY ORDERS TROOPS. Soldiers Are Sent to Eastern Ohio to

Quell Riotous Disturbances. COLUMBUS, Ohio, June 7 .- Governor McKinley has ordered a force of 1,200 militiamen to the scene of the strike in Eastern Ohio, where miners are holding up coal and passenger trains.

## FLOODS IN OREGON.

Willamette River Reaches the Thirty-

Three-Foot Mark at Portland. PORTLAND, Ore., June 7 .- News has been received from the upper Columbia region which indicates that the worst of the flood is over. Snake river is falling and the Columbia is stationary. In this city the water reached the thirty-three-foot mark at noon. On Front street the water is deep enough for navigation by a large-

sized river craft. At The Dalles the river is 58.3 feet above low water. The only houses doing business are the groceries and markets. The water is nearly three feet deep on the floor of the postoffice. A swift current is running through the town and it is feared that many buildings may be washed from their foundations. The hotels are in the water up to the second story. Thirty blocks are under water and the rise of a few feet more will inundate the entire portion of the town under the Memaloose island, the burial place of the Indians for many years, is almost entirely under water and hundreds of skeletons are being washed away.

Colorado Roads Blocked.

DENVER, Col., June 7. - Colorado railroads are again in serious trouble from floods. Rain fell in torrents upon the water sheds above Pueblo, Canon City and Colorado Springs and in the Clear Creek region. Fountain creek became rampant, and all the bridges and much of the railroad track between Little Butte and Pueblo were washed out, blocking the Denver and Rio Grande, Union Pacific, Denver and Gulf and Santa Fe trains.

Damage at Hutchinson HUTCHINSON, Kan., June 7 .- The Arkansas river has been on the rampage here for twenty-four hours. It is the regular June rise, augumented by the recent storms and cloud-bursts in Colorado and the mountains. The Kansas Salt company is the heaviest loser by damage thus far, 40,000 bar-rels of stored salt being under water and as a consequence is ruined.

Congressman Mercer Married. WASHINGTON, June 7 .- Representative D. H. Mercer of Nebraska and Miss Birdie M. Abbott of Minnesota were married at St. John's Episcopal church yesterday afternoon.

NOT MUCH OF AN OVERFLOW Managers of the Representative Hall Meeting Deserve Consure.

The overflow meeting from the Re-publican convention held in Representative hall last night didn't overflow either in numbers or enthusiasm. The hall was half full. There are sixty-eight cuspidors in the room, which was about one for each man, and three times as many women as men. The people who attended were treated shamefully by those who had the meeting in charge. The audience represented Topeka's best ele-ment and a large number of out-of-town people were present. But in the pres-sure and excitement of politics the Republicans forgot apparently to send any speakers to the overflow meeting, and none came. The audience waited from 7:30 to 9:15 and showed considerable forbearance. The hopes of the audience bobbed up and down like the Adam's

apple of a first tenor.

The women showed themselves ignorant on the subject of politics and politicians by mistaking a West Tenth street grocer for William Higgins, and a Populist, who went to all the Coxey meetings, for Cy Leland.

Now and then the door back of the speaker's desk would squeak and the people would think "here they come," but the door generally opened to admit Guide Herrington or one of the colored

Finally Mrs. J. G. Wood volunteered to say a few words. Mrs. Wood never laid claim to being a public speaker, but she possesses the art of saying briefly and concisely what she thinks. "We don't want that suffrage plank inserted in the platform yet," she said. "I used to be a suffragist 20 years ago, but I have come to the conclusion that it is best to feed the women of Kansas good, sound have the suffragist page 11 and 12 and 13 and 14 and 15 an Republican doctrine before allowing them to vote. Susan B. Anthony says she is a suffragist first and a Republican afterwards. This is wrong, and this is the idea that's holding the movement back. I am a Republican first and a suffragist afterwards. The Republican women should be Republicans still, whether they get the plank or not."

Mrs. J. G. Wood talked about fifteen minutes and sat down. The audience

waited patiently for several minutes and as no one else got up to speak, the peo-ple slowly filed out.

GOT INTO SQUIRES' STORE Burglars Rob a Drugstore on Topeks and Tenth Avenues.

Ralph Squires' drug store on the corner of Tenth and Topeka avenues was entered last evening by burglars, and a slot machine, \$2 in cash and about 5.0 cigars stolen. Entrance was gained by breaking a glass in the side door. When the glass was broken, the key was turned and the door opened. The proprietor does not know the time of the robbery. The store was closed at 10 o'clock last night. Captain Gish thinks the theft was done by boys. All the cigars stolen were 5-cent cigars. The 10-cent cigars were not touched.
